Evidence in Bugbee Appeal Case— Counsel to File Briefs—Short Calendar Session Friday — Woodyard May be Started for Tramps—Man Who Owned Gen. Putnam's Plow and Saddle Dead.

In the superior court here Wednesday, the hearing of Ellen M. Bugbee's appeal from the board of relief of the town of Putnam was continued before Judge M. A. Shumway.

The taking of gvidence was resumed. Orlo C. Bosworth, Asa M. Ross, H. H. Davenport, Iscah Keach, John O. Fox and Victor Chapdelaine, each estimated the value of the property—the Putnam inn, the Quinebaug house, two tenement houses and outbuildings and land as worth \$35,0700.

J. F. Spencer fixed the value of the property at \$37,500, William K. Pike, Danielson, a civil engineer, at \$35,890; John A. Gilbert, Danielson, a contractor and builder at \$36,400. Mr. Gilbert thought the hotel building could be replaced, new, for \$20,000.

Testifies as to Rents.

Testifies as to Rents.

E. C. Rogers, who in 1912 purchased the property from Mrs. Bugbee, was recalled to the witness stand and asked as to the rents. He said that \$1,920 is the rate for the dry goods store, plus ten per cent. each year of the amount of the expenditures for improving this store for occupancy by H. Deacon and Son, this for a period of five years. Mr. Rogers testified on Tuesday that he spent \$4504.90 in making the changes referred to. For the Quinebaug house Mr. Rogers said he receives \$600 a year rental, \$288 annually for the four tenements in the two houses on Canal street and \$480 annually for the bowling alleys in the basement of the hotel. His rent for the inn, which he conducts, he figured at \$1500 annually.

Sipples, Bodo, Gay and Lasnier were placed on probation for six months, in care of Arthur G. Bill, to whom they are to report once a week. They had their parts in the series of events that brought the crowd into court, but extenuating circumstances were found applying to the cases of each of the quartet. The boys, it had been found, were troublesome in the village this spring. The first of the houses was started Wednesday on its way to a location in the south end of the village.

Wants Post Office Sub Station.

Williamsville resident have petitioned for the establishment of a substation of the Kilingly (Dayville) postoffice in their village, which is rapidly growing in importance as a mail center. At present the mail is brought over from Dayville on a haphazard schedule, the mill teams maqing one regular delivery in the morning. Another delivery is made in the afternoon—if a vehicle happens to be available. This unsatisfactory system has prevailed for years. Alma Forcier, proprietor of the store in the village has maintained a series of call boxes for the convenience of a certain number, but this is not satisfactory and warrended to the many changes that are to bound on the village this spring. Here is a fine old-fashioned recipe for coughs, colds or catarrh trouble that has been used for many years with great success. Get from your druggist 1 oz. of Parmint (Double Strength) about 75c worth, and add to it ¼ pint of hot water and 4 oz. of granulated sugar. This will make a full half a pint when mixed. Take one tablespoonful 4 times a day.

No more racking your whole body with a cough. Clogged nostrils should open, air passages of your head clear up so you can breathe freely. It is easy to prepare, costs little and is pleasant to take. Anyone who has a stubborn cough, or hard cold or catarrh in any form should give this prescription a trial. Lee & Orgood can supply you.

in the case on trial as he was liable for the taxes in the property.

Forced to Buy. Mr. Rogers, on his first appearance on the stand, had testified that he agreed to pay the sum of \$37,500 for the property when he bought it in 1912 because the lease he then held was about to expire. He had built up a fine hotel business, had spent considerable sums in improving the property, but could not get a new long term lease, so, in a measure, he was forced to buy to protect his interests, paying somewhat more than he felt he should for the property, which he could have bought then for \$35,900 cash.

George W. Perry succeeded Mr. Rog-ers on the stand and testified as to the situation of the property, etc.

Assessor Kent Testifies. Ernest Kent, assessor, testified as to fixing the value of the property on the basis of the income derived from it. He had interviewed Mr. Rogers it. He had interviewed Mr. Rogers relative to rents. He said he and Mr. Rogers had agreed that a fair rental for the part used as a hotel would be \$2,100 annually. He had figured from the income that the property was worth approximately \$50,000, and the assessment had been on the usual basis of three-quarters of the market value—\$37,500.

the old resort, up at the town farm. So the problem now presents itself, what to do with them. what to do with them.

The selectmen have the matter under advisement. One suggestion heard is that the city establish a wood yard, where men who ask for lodging at the expense of the municipality can be put to work sawing and splitting the cord wood that is intended for the outside poor. By this means it is intended that those who are the unbidden guests of the community give something in return for what they receive in the way of food and shelter. This suggestion will be given consideration by the selectmen, though there is nothing to indicate at present that it will be adopted.

Hundreds of tramps have enjoyed the comfort of the old shack by the town farm in the past, but from new on it must be no more than a memory for them.
